

ParentVUE and StudentVUE

Willamette Leadership Academy is part of the Springfield Public Schools District which uses [ParentVUE](https://www.springfield.k12.or.us/parentvue) and [StudentVUE](https://www.springfield.k12.or.us/studentvue) to provide access to student information, including current grades, missing assignments and attendance information for middle and high school students, as well as other information on file such as immunization records and emergency contacts. Because family involvement is so crucial to students, we encourage our families to access the system regularly!

For more information visit the Springfield Public Schools website at these links:
