AN IMPORTANT NOTICE TO PARENTS ABOUT STUDENT RECORDS AND THE RELEASE OF DIRECTORY INFORMATION

The following statement is a summary of school regulations regarding student records.

1. Confidentiality of Student Records:

All student records are confidential and may be opened for inspection only in accordance with applicable federal and state law and school board policy.

2. Inspection of Student Records:

Parents or legal guardians have the right to inspect their child's student records and to challenge the content of the records. A copy of any portion of the student's record will be made available to parents at a reasonable time and at the cost of reproduction.

Should a parent, guardian or eligible student request the amendment of education records to ensure the records are not inaccurate, misleading or otherwise in violation of a student's privacy or other rights, a hearing may be scheduled.

Once the student reaches age 18, those rights transfer to the student alone.

If the custody of a student has been granted to only one parent, it is important for you to know the non-custodial parent has access to all student records unless there is a court order to the contrary.

3. Release of Student Records:

Generally, parents or the student, if he/she is 18 or is attending an institution of higher education, must consent to the release of all student records. The school district, however, may release student records without consent in the following instances:

- a. To other district employees who have a legitimate educational interest in the records;
- b. To the officials of another school district or an institution of post secondary education in which the student seeks to enroll or has already enroll after the parents have been given an opportunity to review the contents of the records;
- c. To state and federal governmental agencies requiring such information;
- d. In connection with a student's application for or receipt of financial aid;
- e. To comply with a judicial order or lawfully issued subpoena; and
- f. For emergency situations involving the health or safety of the student or other persons.
- g. To school board members during an executive session closed to the public to consider the expulsion of a student or to examine confidential medical records;
- h. To parents of a dependent student.
- i. To accrediting organizations if the information is needed to carry out their accrediting functions;

4. Filing a Complaint:

Pursuant to Oregon Administrative Rule 581-21-410, a person may file a written complaint with the Family Policy Compliance Office, United States Department of Education, regarding an alleged violation under the Family Educational Rights and Privacy Act. The Office's address is:

Family Policy Compliance Office, US Department of Education, Washington DC, 20202.
